ASA Farm Family Photo Album

All ASA members are invited to participate

In celebration of ASA's 90th Anniversary, we want to recognize ASA members and their families that have been proudly carrying on the farming tradition. ASA is asking all members to "show us your farm family" – by sending ASA a photo of your family, which may include multiple generations involved in your farm operation.

The photos will be displayed in the ASA Farm Family Photo Album, an online photo album available as part of ASA's 90th Anniversary Celebration.

The ASA Farm Family Photo Album is a way to thank ASA members and at the same time let general visitors to the online photo album see and learn about some of the people who operate farms and grow abundant and nutritious food in the United States. In addition, ASA members will have the opportunity to see and learn about other members.
